
or other) in their source Student Management System (SMS) for each recently arrived asylum seeker who has enrolled in a New York State school since July 1, 2023. This information is reported using the Student Lite template. Additional information can be found in the [SIRS Manual](#).

The 2023-24 school year data warehouse container opens on September 25, 2023. All data entered in your local SMS should be queued and ready to push to your Level 1 (L1) reporting center. Data must be reported via the SIRS to the Department on or before 11:59pm on **Friday, October 13, 2023**. Data reported to the data warehouse on or before October 13, 2023, will be refreshed over the weekend and available in the Level 2 Reporting Environment (L2RPT) on **Monday, October 16, 2023**.

Districts and schools are strongly encouraged to review the SIRS-651 Enrollment Summary Detail Report to verify the student level information they reported to the Department is correct for recently arrived students. If errors are found, districts and schools must make corrections to inaccurate student level data in their local SMS and ensure that the revised data are pushed to their L1 Reporting Center to be reported via the SIRS to the Department on or before **Friday, October 20, 2023**. ***Please work with your L1 reporting center as they will require data to be submitted earlier than October 20th.***

For all newly arrived immigrants reported with a crisis code, the LEAs must also report the Immigrant Program Service code – 8282 for any of these students as applicable by the October deadline to the Department via the SIRS. The Immigrant and Crisis Code field enhancement will also be added to the SIRS-401 Reasonableness Report and the SIRS-750 Student Profile Reports. Data will be collected for all newly enrolled students who are recorded with these codes, regardless of the crisis code type (natural, civil, health, or other) that have caused these students to be displaced.

Supplementary Allocations

Beginning on October 23, 2023, NYSED will make determinations for a supplementary

School districts and charter schools are encouraged to keep enrollment, program
