Disclaimers

For guidance related to Educator Evaluation plans, see NYSED Educator Evaluation Guidance. For a definition of terms related to Educator Evaluation, see the Educator Evaluation Glossary.

The Department will review the contents of each local educational agency's (LEA) Educator Evaluation plan as submitted using this online form, including required attachments, to determine if the plan rigorously complies with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Department approval does not imply endorsement of specific educational approaches in an LEA's plan.

The Department reserves the right to request further information from an LEA to monitor compliance with Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents. Each LEA is required to keep detailed records on file for each section of the currently implemented Educator Evaluation plan. Such detailed records must be provided to the Department upon request. The Department reserves the right to disapprove or require modification of an LEA's plan that does not rigorously adhere to the requirements of Education Law §3012-d and Subpart 30-3 of the Rules of the Board of Regents.

The Department will not review any attachments other than those required in the online form. Any additional attachments supplied by the LEA are for informational purposes only for the teachers and principals reviewed under this Educator Evaluation plan. Statements and/or materials in such additional attachments have not been approved and/or endorsed by the Department. However, the Department considers void any other signed agreements between and among parties in any form that prevent, conflict, or interfere with full implementation of the Educator Evaluation

- The frequency and duration of observations are locally determined.
 - Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.

Task 9. PRINCIPALS: School Visits - Rubric and Scoring

Page Last Modified: 02/13/2023

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Principal Practice Rubric

Select a principal practice rubric from the menu of State-approved rubrics to assess principal practice based on ISLLC 2008 Standards (PSEL standards beginning in 2024-25).

Rubric Name	If more than one rubric is utilized, please indicate the group(s) of principals each rubric applies to.
Multidimensional Principal Performance Rubric	(No Response)

Please read the assurances below and check each box.

- Assure that the same rubric(s) is (are) used for all principals in the same or similar programs or grade configurations across the LEA, provided that LEAs may locally determine whether to use different rubrics for a principal assigned to different programs or grade configurations as indicated in the table above.
- Assure that the same rubric(s) is (are) used for all school visits for a principal across the school visit types in a given school year.

Rubric Rating Process

For more information on the Principal School Visit category see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

The following is one example of how an LEA might score principal school visits using the selected practice rubric: *Domains 1-4 of the MPPR rubric have been negotiated as observable. Domains 2 and 3 are weighted as 40% each, and Domains 1 and 4 are weighted as 10% each. For each school visit, evidence is collected for all observed subcomponents in a domain. A holistic score is then determined for each domain. These domain scores are weighted as indicated above to reach a final score for each school visit. Scores for each school visit are weighted equally and averaged to reach a final score for each school visit type. The LEA will ensure that all subcomponents designated as observable will be addressed at least once across the school visit cycle.*

Use the following section to describe the process for rating and scoring the selected practice rubric consistent with the Department's regulations.

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.***Please check all that apply.*** Data analysis to detect disparities on the part of the evaluators Periodic calibration meetings and/or trainings
