Task 4. TEACHERS: Observations - Rubric and Scoring

Page Last Modified: 02/27/2023

At what level are the observable components of the selected rubric(s) rated?

Subcomponent level (each observable subcomponent receives a rating)

How are the observable components of the selected rubric(s) weighted?

Each component is weighted equally and averaged

Scoring the Observation Category

If an evaluator conducts multiple observations of the same type, how are those observations weighted?

Examples of observations of the same type include but are not limited to:

- Two observations by the principal with one early in the school year weighted at 40% and one late in the school year weighted at 60%.
- Two observations by the principal, with one holistic score for each component of the rubric based on the preponderance of evidence over both observations.

Please note: Weighting across observation type (i.e. Principal vs. Independent Evaluator) are described in the following section.

Multiple observations of the same type are weighted equally

Please read the assurances below and check each box.

- Assure that each set of observations (by supervisor/other trained administrator, independent, or peer) will be completed using the selected practice rubric, producing an overall score between 1 and 4. The overall weighted observation score will then be converted into a HEDI rating using the ranges indicated below.
- Assure that once all observations are complete, the different types of observations will be combined using a weighted average consistent with the weights specified in the next section, producing an overall Observation category score between 0 and 4. In the event that a teacher earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Teacher Observation Scoring Bands

The overall Observation score will be converted into a HEDI rating based on locally determined ratings consistent with the ranges listed.

	Overall Observation Category	
	Score and Rating	
	Minimum	Maximum
H	3.5 to 3.75	4.0
E	2.5 to 2.75	3.49 to 3.74
D	1.5 to 1.75	2.49 to 2.74
I	0.00*	1.49 to 1.74

* In the event that an educator earns a score of 1 on all rated components of the practice rubric across all observations, a score of 0 will be assigned.

Task 4. TEACHERS: Observations - Teacher Observations

Page Last Modified: 02/27/2023

Teacher Observation

The teacher observation category is made up of two (2) required and one (1) optional subcomponents.

- The frequency and duration of observations are locally determined.
 - Observations may occur in person, by live virtual observation, or by recorded video, as determined locally.
 - LEAs may locally determine whether to use more than one observation by any of the required observers. Nothing shall be construed to limit the discretion of administrators to conduct observations in addition to those required by this section for non-evaluative purposes.
-

Required Subcomponents

- At least one of the required observations **must be unannounced (across both required subcomponents).**

Required Subcomponent 1: Observations by Principal(s) or Other Trained Administrator(s)

- At least one observation **must be conducted by the building principal or other trained administrator.**

Required Subcomponent 2: Observations by Impartial Independent Trained Evaluator(s)*

- At least one observation **must be conducted by an impartial independent trained evaluator.**
- Impartial independent trained evaluators are trained and selected by the LEA. They may be employed within the LEA, but may not be assigned to the same school building as the teacher being evaluated. This could include other administrators, department chairs, or peers (e.g., teacher leaders on career ladder pathways), so long as they are not from the same building (defined as same BEDS code) as the teacher being evaluated.

** The process selected for conducting observations, including those conducted by trained, impartial independent evaluators, exists in perpetuity until a new plan is approved by the Commissioner. However, if your LEA applies for and receives approval of an Independent Evaluator Hardship Waiver for a school year, then the terms specified in that waiver application will apply for that school year only. Please note that independent Evaluator Hardship Waiver requests must be submitted and approved on an annual basis.*

Principal School Visit Category

For guidance on the Principal School Visit category, see NYSED Educator Evaluation Guidance. For a definition of terms used in this section, see the Educator Evaluation Glossary.

For the school visit category, principals' shall be evaluated based on a State-approved rubric using multiple sources of evidence collected and incorporated into the school visit protocol. Where appropriate, such evidence may be aligned to building or district goals; provided, however, that professional goal-setting may not be used as evidence of teacher or principal effectiveness. Such evidence shall reflect school leadership practice aligned to the Leadership Standards and selected practice rubric.

Inter-rater Reliability

Inter-rater reliability refers to the extent to which different evaluators produce similar ratings in judging the same abilities or characteristics in the same target person or object. Within the context of educator evaluation, inter-rater reliability requires all evaluators trained in the school visit process to reach independent consensus on observable behaviors to ensure the accuracy, consistency, and precision of the implementation of the chosen evaluation rubric(s). It also requires administrators to analyze and track educator evaluation data and ensure that school visits are being completed with fidelity.

Select the option(s) below that best describe the process in place for maintaining inter-rater reliability.

Please check all that apply.

- Data analysis to detect disparities on the part of the evaluators
- Periodic comparisons of an evaluator's assessment of the same building principal
- Periodic calibration meetings and/or trainings
